Kyung-San Min , Editor-in-Chief, *Restorative Dentistry and Endodontics*

In 2022, *Restorative Dentistry and Endodontics (RDE)* published a total of 43 papers, which were meticulously reviewed by 94 dedicated reviewers with an unwavering commitment to excellence. Thanks to their diligent and constructive efforts, *RDE* was able to publish superb papers in a timely manner. Notably, Dr. Marlus Pedrosa and Dr. Lucas Peixoto de Araújo were awarded Certificates of Appreciation for their exceptional and unrivaled contributions to the review process. I would like to express my sincere and profound gratitude to all of the reviewers for their hard work, and I eagerly anticipate their continued support in the coming year.

Looking forward to 2023, *RDE* is poised to take a significant leap forward. To achieve this goal, *RDE* has reorganized the editorial board and invited six new international associate editors to promote top-tier professional review and editing. I extend my heartfelt thanks to Dr. Arzu Tezvergil-Mutluay (University of Turku), Dr. Dimitrios Dionysopoulos (Aristotle University of Thessaloniki), Dr. Mary Anne Melo (University of Maryland), Dr. Emmanuel João Nogueira Leal da Silva (Universidade Unigranrio), Dr. Abhishek Parolia (International Medical University), and Dr. Annie Shrestha (University of Toronto) for accepting this role. Our editorial team is committed to providing a faster and more rigorous editing process for submitted papers, ensuring a journal service that meets—and, ideally, exceeds—the expectations of both contributors and readers.

Thank you so much.

Warm regards,

Kyung-San Min
Editor-in-Chief, *Restorative Dentistry and Endodontics*
